

Fort Worth, Tarrant County, Texas:
Burials in Emanuel Hebrew Rest Cemetery
a/k/a Hebrew Rest Cemetery

Compiled by
Lynna Kay Shuffield

P. O. Box 16604
Houston, Texas 77222-6604

2017

Emanuel Hebrew Rest Cemetery is a tree-shaded one-acre site located in the City's Hospital District at 1414 S. Main Street, Fort Worth, Tarrant County, Texas. It is the oldest Jewish institution in the City. In 1879, the land was given to the Jewish community by civic leader John Peter Smith and in 1882, a deed for the cemetery was filed at the Tarrant Co., TX, Real Property Records, County Clerk's Office.

The cemetery's earliest marked grave is that of Leah Kaiser, a 4-year old girl, who died on 18 Nov 1879. Other prominent individuals include veterans who have served our country from The War Between the States through the Korean War era and Abraham Lincoln Neiman, the co-founder of the Neiman Marcus department stores.

Both of the City's Jewish Congregations used the cemetery until 1909 when Ahavath Sholom purchased land on University Drive for an Orthodox cemetery. The Emanuel Hebrew Association, a volunteer cemetery society, operated the cemetery until 1962 when Congregation Beth-El became its official caretaker.

Emanuel Hebrew Rest Cemetery a/k/a Hebrew Rest Cemetery, did not give up its burial information easily. The records, maintained by the Cemetery Committee of Temple Beth-El, do not include much of the information compiled in this project. In the early days, Texas laws did not require cemetery records be kept. Many of the grave-markers contain names or partial names, but no dates.

In 1981, the cemetery received an official subject marker from the Texas Historical Commission.

The most comprehensive information lists of burials for this project were found in the books, *Texas Jewish Burials* and *Texas Jewish Burials, Vol. II*.

The goal of this project was to locate every burial in the cemetery and to provide as much information as possible about each individual to include death certificates, obituaries, military service, ascertain plot and lot location, and family members. A further goal was to list each burial in Find-a-Grave [Online database].

This project complements the application for the Historic Texas Cemetery Designation through the Texas Historical Commission that was prepared in 2017.

There are approximately 400 individuals buried in the cemetery with 380 marked and 20 unmarked infants.
